

# Catch-up premium: coronavirus (COVID-19) Statement

## Context

The scope of the Covid-19 closures affected pupils across all year groups, regardless of their individual characteristics, so a significant portion of the actions taken to address the impact of Covid 19 is directed to provide specialist subject intervention for pupils, focused especially on English and mathematics.

## 2021 - 2022 Catch-up premium: coronavirus (COVID-19) - Expenditure

The Catch-Up premium: coronavirus (COVID-19) funding will be used in the following ways:

- To provide pupils in KS3, KS4 and KS5 with small group and individual intervention sessions from subject leaders in English and mathematics during tutor time. Pupils receiving the intervention are identified by analysis of baseline assessments in KS3 (STAR and Progress Test Series for all pupils in years 7 to 9), and by analysis of progress update data for KS4 and KS5. The pupil groups are rotated to increase the reach of the intervention and ensure as many pupils as possible are able to benefit from the support.
- To provide pupils in KS3, KS4 and KS5 with additional support from subject specialists in English and mathematics in timetabled weekly sessions.
